

Run Your Art Practice Like a Business

Pre-Seed Investment Deck | 2026

THE PROBLEM

Artists are running businesses without business tools

01

Fragmented Portfolios

Spreadsheets, folders, emails -- no single source of truth for inventory, pricing, or provenance.

02

No Pricing Guidance

Artists underprice by 30-50% on average. No data, no benchmarks, no market context.

03

Lost Commission Revenue

No pipeline structure means dropped leads, missed deadlines, and unpaid invoices.
